March 22, 2020

To our valued Customers

As we are all aware the COVID-19 pandemic is impacting virtually every aspect of our daily lives. I have spent the past several days soul searching the best way to protect the health and safety of our employees and customers. For this reason, we are implementing additional measures to provide a safe and healthy workplace while maintaining quality service for our customers.

Beginning Monday, March 23, 2020 we will no longer allow public access to our store.

We will be available during regular business hours and continue to support you with your Parts, service and equipment needs. PLEASE DO NOT HESITATE TO CONTACT US. We Will be working daily to make sure you have the correct repair parts. Machines are repaired in a Timely manner and your questions are answered.

We have a large stock of parts in stock and we work closely with our suppliers. We can have parts shipped directly to you or have your order ready for you to pick up in front of our store.

We will be contacting customers who have equipment being repaired in our shop. We are extending our "March" mower repair discount until April 15th. Call to schedule pick up. When bringing equipment in for repair call us when you get here.

My mind is spinning as I write. Fifty years in this business and not an event even close as to what the world is experiencing today. Again B&K Power is here for you as a team we can keep your equipment working . Stay safe.
